### MobileRead Wiki - Boox M96

The software is almost identical to the software on the Boox T68; it's the large 9.7-inch E Ink display that really sets the M96 apart. It doesn't have a frontlight or a super high resolution screen. But that doesn't matter. Text looks great regardless of that, better in some ways. It just shows that ereaders don't all have to go in the same ...
