Developing skills in clinical leadership for ward sisters. Nursing Times; 109; 9, 12-15. The Francis report has called for a strengthening of the ward sister's role. It recommends that sisters should operate in a supervisory capacity and should not be office bound. Effective ward leadership has been recognised as being vital to

Responding to Francis: clinical leadership

Time management can be a real life-saver throughout your nursing clinical experience. During your clinical rotations, you will generally be in a facility anywhere from five to eight hours a day, once a week. Again, this may vary depending on what nursing program you
