activities. 3.0 DEFINITIONS 3.1 The definitions shown below apply to terms commonly used in or unique to this procedure. Work Package: Also referred to as a Traveler Package - a collection of drawings, instructions,

FABRICATION PROCESS CONTROL

The goal of any fabricating operation is to discover the safest and most efficient method to produce quality parts. That goal can be achieved only with clear work directions for shop floor employees. Fabricators that follow some basic guidelines, or implement the right software, can make sure they are putting together work instructions that anyone can follow.
