2020 NBCC code brings new era for Canadian wood construction. Jean Sorensen May 31, 2019. The new 2020 National Building Code of Canada (NBCC) will include the use of mass timber construction for 12-storey structures (42 metres in height), but the move is more than a simple doubling of the six-storey wood structures now within the Canadian NBCC and integrated into provincial and local building codes.
