Physics HI International Baccalaureate

International Baccalaureate (IB) I took IB Physics HL back in my high school days. It is still probably the most challenging class I have ever taken (even including my college courses), but I got a 6 on the exam, so trust me—it's doable. In this article, I'll discuss all the topics covered in IB Physics Standard Level and IB Physics Higher Level, the number of hours dedicated to each topic, and what IB expects you to know for each topic.

The Complete IB Physics Syllabus: SL and HL

Physics students at SL and HL undertake a common core syllabus and a common internal assessment (IA) scheme. While there are core skills and activities common to both SL and HL, students at HL are required to study some topics in greater depth, to study additional topics and to study extension material of a more demanding nature in the options.

Physics data booklet - iisjaipur.org

Physics HL should be quite easy for anyone with a reasonable interest and understanding in Physics. That coupled with a grade boundry of 75% for a 7 should make it a scoring choice. There is also no calculus. However, the dose of trigonometry is pretty strong, and I advise having a good grasp of basic mathematics.
