The Air Campaign: Planning for Combat. by John A. Warden III. In August 1990, the first wave of American airmen arrived in the Middle East to shield allies in the region from the territorial ambitions of Iraq's Saddam Hussein. Kuwait had been overrun, and back home little-known U.S. Air Force Colonel John Warden briefed the head of Central Command and the chairman of the Joint Chiefs of Staff on his vision for the air campaign to repel the invaders from the tiny, oil-rich Persian Gulf state.

### Book Review: The Air Campaign- Planning for Combat

This book would later serve as the basis for the planning of much of the Gulf War air campaign. Generals Schwarzkopf and Powell credited Col. Warden with creating the air campaign that defeated Iraq in the Gulf War. This new edition includes a new epilogue where Col. Warden has refined and extended many of the ideas presented in the original book.

### Planning, Programming, Budgeting, and Execution

The Air Campaign is, very simply, a philosophical and theoretical framework for conceptualizing, planning, and execut- ing an air campaign. To the extent that it assists any planners in arranging their thoughts-before they are in the thick of battle-it will have achieved its ends.
