If the ebook is in the PDF format and you want to read it on your computer, you'll need to have a free PDF reader installed on your computer before you can open and read the book.

The Logic Book 6th Edition

I would give it five stars, but there are a lot of typos which is surprising since it's the 6th edition. This book covers prepositional logic and predicate logic, and it does so very thoroughly. What's also great is that there are many examples.
