10 Best Treadmills In India 2020 - Reviews & Buyer's Guide

Since a manual treadmill belt will only move in response to your footstrike, they go as fast as you do. If you want to do sprints on a manual treadmill, there is no lag between when you hit a button and when the belt matches that pace. Just take off and the belt is right there with you. Want to slow down? Moderate your pace and the belt slows too.
