tables and machine vises are being widely used from familiar products such as automobiles and smartphones to large-sized devices in aircraft and energy sectors and even in medical sector. Furthermore, we are aiming to become new standard of the industry with our BallDrive ® NC rotary table developed by TSUDAKOMA's experts.

Although Tsudakoma worm and wheel sets are particularly strong and hardwearing, bearings and seals can have an effect on the accuracy and clamping system effectiveness for example, also the switches and valves can fail which is where you may all of a sudden have a problem.
